### ▼ School Overview ▼

#### Mission

Our mission as a school is to use community partnerships, technology, and gifted educators to provide a nurturing learning environment which will empower young adults to identify their own unique strengths and talents to achieve academic excellence and later success in life. Meeting the individual needs of students in order to increase learning. To increase parent involvement in school. To prepare students for life after high school. To use a shared leadership philosophy.

#### Organization and Philosophy

- w Shared Leadership Philosophy
- w Charter School
- w Emphasis--Parental/Community Involvement

#### School/Academic Goals

- w Adherence to the AZ Academic Standards and Goals 2000 skills will be maintained for student learning throughout our curriculum. Students will be taught to use the most modern technology which enable students to succeed in their future career choices.
- w Students are provided with self-paced programs and re-teaching to ensure acquisition of skills before proceeding to the next level of instruction. (Mastery Learning). Instruction is based on recent brain research on Multiple Intelligences.
- w Students will receive academic and elective credits through classroom experiences, computer learning, internships and work-related experience.
- w Parents are an integral part of the education process and are expected to volunteer one hour a month for fund-raising, supervision of students, field trips, and academic/attendance and incentive activities.

#### Instructional Programs

- w Some Technology-based Learning
- w On-site Special Education
- w ESL/Bilingual Instruction
- w Community Partnerships
- w Work Programs for High School
- w Friday School for Tutoring/Remediation

#### Enrollment

4 to 6 years	1	0	0	0
7 to 9 years	0	0	0	0
10 or more years	1	3	0	0

## ▽ Shared Responsibilities ▽

### School

Students are measured for success based upon AIMS, the Stanford 9 test, computer-driven tests and traditional testing measurements with a 70% mastery. Criteria through a computer program grading system effectively measures students using pre-/post- and long-term testing-students are to achieve 70-80% accuracy. Employment assessment through the DES ensures students will be pursuing occupations compatible with their interests, aptitudes and temperaments.

### Parents

Ensure students regularly attend; attendance is extremely important. Support school uniform policies by purchasing uniform shirts, and ensuring children are in uniform when they come to school. Communicate regularly with teachers. Support school with behavior codes and rules, sending children to Friday School if requested. Provide children with transportation to and from school. Volunteer one hour per month at school. Common Sense Parenting classes will be encouraged, but not required.

## ▽ Transportation Policy ▽

School provides no transportation, parents must provide transportation to and from school.

<b>Dropout Rate</b> <sup>8</sup>	34.7 %			9.5 %
<b>Status Unknown</b> <sup>9</sup>	28.2 %			6.0 %

**Students reported as "dropouts" who may have returned to school for the following academic year are not accounted for in this report.**

<sup>4</sup> Transfers Out: Percentage of accountable students withdrawing to continue studies in another school or to be taught at home for the 2001-02 school year.

<sup>5</sup> Transfers In: Within District: Percentage of accountable students entering school who were previously enrolled in another Arizona public school within the school district during the 2001-02 school year. Out-of-District: Percentage of accountable students entering school who were previously enrolled in another school district during the 2001-02 school year.

<sup>6</sup> Promotion Rate: Percentage of students promoted to the next grade or who met graduation requirements and received a traditional diploma at the end of the 2001-02 school year. Percentage includes students who left school at age 22 or who had completed school and received a non-traditional diploma.

<sup>7</sup> Retention Rate: Percentage of students retained at the end of the 2001-02 school year.

<sup>8</sup> Dropout Rate: Percentage of students counted as withdrawn due to chronic illness, expulsion or dropping out during the 2000-01 school year, to include activity during the summer of 2001. This rate includes students who were withdrawn after 10 consecutive days of unexcused absences or were coded by the school as "status unknown." The Promotion Rate, Retention Rate, Dropout Rate and Status Unknown Rate may not add to 100% due to the inclusion of summer activity in the Dropout Rate and the Status Unknown Rate but not in the Promotion Rate and Retention Rate. Data for 2001-02 is not yet available.

<sup>9</sup> Status Unknown: Percentage of students unaccounted for by any method during the 2001-02 school year. Status unknown students are not necessarily dropouts.

## ▽ Academic Achievement Indicators ▽

Arizona's Instrument to Measure Standards (AIMS) is designed to measure student achievement of the Arizona Academic Standards. Effective with the high school Class of 2006 (eighth graders in 2001-02), students must "Meet the Standard" or "Exceed the Standard" on all portions of AIMS or pass an AIMS Equivalent Demonstration (subject to approval by the state Board of Education) in order to be eligible for a high school diploma. High school students who did not attain "Meets the Standard" or "Exceeds the Standard" in reading, writing and mathematics will have additional opportunities to retake the test in their junior and senior years. Students in grades 3, 5, and 8 also take AIMS.

### AIMS Results <sup>1</sup>, 2001-02

Grade 8		Number Tested	MS	FFB	A	M	E
Reading	School	28	486	32%	29%	36%	4%
	State	57484	504	24%	20%	40%	16%
Writing	School	26	465	42%	42%	15%	0%
	State	55420	493	15%	42%	41%	2%
Mathematics	School	28	413	68%	32%	0%	0%
	State	57734	459	39%	40%	14%	7%

#### Legend

- MS - The Mean Scale Score (average) on a 200-800 scale. A student must have achieved a scale score of 500 to meet the standard. Scale scores are not comparable among content areas.
- FFB - Percent of students who Fell Far Below the standard
- A - Percent of students who Approached the standard
- M - Percent of students who Met the standard
- E - Percent of students who Exceeded the standard

### Grade 10 (Class of 2003)<sup>2</sup>

Reading	School	21	494	14%	52%	29%	5%
	State	49803	512	15%	23%	48%	14%

## ▽ Mathematics Education and AIMS ▽

On April 24, 2000, the state Board of Education amended the high school graduation requirements to include the following: "Effective with the graduating class of 2004, the two required math credits shall be taken consecutively beginning with the ninth grade and course content shall reflect Academic Standards preparation for proficiency at the high school level." Parents should verify with the school that their ninth grade students are enrolled in one or more mathematics courses that provide instruction in the state Board-adopted mathematics standards that lead to proficiency in high school. Students who begin the ninth grade during the 2001-02 school year should be enrolled in a mathematics sequence that is aligned to the state's mathematics standards and includes instruction in the concepts and performance objectives that will be assessed by AIMS. The Board's amendment to the high school graduation requirements should not be interpreted to mean that all ninth grade students must be enrolled in any *particular* course. **The Board's intent is to assure that all ninth grade students are enrolled in courses that prepare students for success on AIMS.**

## ▼ Academic Achievement Indicators ▼

Since 1997, students have been tested in reading, language and mathematics using the *Stanford Achievement Test, Ninth Edition*, a standardized, nationally norm-referenced test. Since 1999, all students in grades 2 through 9 have been tested using the Stanford 9, though other grades have been tested in the past (grades 10-12 in 1997 and 1998, grades 10-11 in 1999 and 2000, and grade 1 reading in 2001).

The percentage (%) of eligible students tested and the school's percentile ranks are presented below. State average percentile ranks (AZ) are provided for comparison. Note that the average percentile ranks for the nation are 50 for all content areas in all grades.

Under the Family Educational Rights and Privacy Act of 1974 (FERPA), no individually identifiable references to students may be made. Therefore, items of data containing information about fewer than ten students have been replaced with (\*\*) to protect student privacy. Some columns contain dashes (--) to indicate "not applicable" or "no data available."

## ▽ Measure of Academic Progress ▽

Arizona's Measure of Academic Progress (MAP) is an indicator of student academic growth from one year to the next. The results are based on the *Stanford Achievement Test, Ninth Edition* (Stanford 9), given in 2001 and 2002. MAP includes only those students who were tested both years in consecutive grade levels at the same school or who started the school year in the same school in which they were tested in 2002. A student achieves One Year's Growth (OYG) if he or she remains in the same Stanine<sup>9</sup> or advances a Stanine from one year to the next. The percentage of students achieving OYG at the school is reported below.

<sup>9</sup> Stanines are normalized standard scores that range from a low of 1 to a high of 9, with 5 designating average performance. National Stanines, like National Percentile Ranks, indicate a student's relative standing in the national norm group (Source: Harcourt Educational Measurement).

**The MAP is an elementary school (Grades 2-8) indicator only.**

The Arizona School Report Card was prepared by the Arizona Department of Education using a standardized format to combine information provided by the local school with data compiled from state records. Each school has special strengths and needs, and all schools benefit from the active involvement of parents in their children's education. If you have questions about the report card or need more information, contact the school office. Arizona School Report Cards can be found for all schools at [www.ade.az.gov/srcs/](http://www.ade.az.gov/srcs/) on the Internet.
